Men's Attitudes towards Haircare and Skincare - UK

"Although men are engaged in their beauty and grooming routines and show high purchase of hair and skincare products, brands and retailers are still not capitalising on male interest in these categories. Despite high interest in male brands, mass-market retailers continue to have limited availability of male-specific lines. Men turn ...

September 2019

In-salon Hair Services - UK

"The in-salon hair services category is expected to show a 3% rise in market value in 2019 as added value and out-of-hours services encourage bookings. Whilst consumer confidence is up, an uncertain UK economy driven by Brexit could see people cutting back on 'treats' such as salon services. Expense is ...

Marketing to Moms - US

"Moms are responsible for most household and childcare duties, meaning that they are the key decision makers when it comes to what their families eat, wear, and watch. However, this also means moms are being pulled in a million different directions and may not have the time or the inclination ...

Luxury Beauty Consumer - US

"Luxury beauty brands find acceptance among most women, with broad use across demographic lines. While luxury often roots itself in iconic brand identities, the luxury beauty consumer continues to evolve. This necessitates that makers and marketers align with more modern perceptions of luxury, such as clean ingredients, ethical sourcing and ...

Approach to Health Management - US

Managing Skin Conditions and Allergies - UK

"Own-label, one-a-day allergy relief tablets look to have been a victim of their own success – driving down spend and purchase frequency. Indications are that allergies are rising, but the forecast for allergy relief remains bleak unless interest can be invigorated with alternative formats or enhanced product positioning. When it ...

Vitamins and Minerals - US

"The vitamins and minerals market remains steady, with the majority of adults currently taking at least one vitamin or mineral. While younger consumers are driving demand for innovation and personalization, traditional formats and formulations continue to be important to overall market strength. However, a demand for natural, specifically whole food ...

Men's Personal Care - US

"The men's personal care market, currently valued at more than \$4.4 billion in annual sales, has been growing steadily since 2014. This growth is largely driven by men's interest in personal hygiene essentials such as shampoos and deodorants. As traditional gender norms continue to shift, promoting themes of beauty ...

Fragrances - UK

Beauty and Personal Care - International

"Consumer spending on health-related services and products increased significantly from 2013-18, and a slowdown is nowhere in sight. Health management is universal, with many people placing significant pressure on medical professionals to guide their health and wellbeing through product recommendations and ailment and wellbeing care. With the foreseen doctor shortage ...

"The market is estimated to decline by 0.8% to £1.48 billion in 2019 before a longer-term period of growth as consumers trade up to more sophisticated formats. Brands may need to consider ethical values, ingredient transparency or more unique benefits to differentiate from competitors and command a price ...

Black Haircare - US

"The Black haircare market has evolved into regimen maintenance and styling, with chemical product use concentrated among the few who will always be customers. Having chemical-free hair is no longer the big story, but rather how Black consumers' beliefs and perceptions of their hair impacts their personal maintenance, style choices ...

The Generation Z BPC Consumer - UK

"Generation Z are defining their own parameters of beauty and are not looking for external validations for their appearance. Self-expression is essential to this group, who are already involved in their BPC routines at a young age and buying their own products. Whilst much is speculated about the influence of ...

July 2019

Color Cosmetics - US

"The color cosmetics market is highly dependent on new product development, as inspired by trends in fashion and beauty. In 2019, total US retail sales for the color cosmetics market is expected to exceed \$11.1 billion. Most recently, as innovations in lower-priced offerings have gained traction, a slowdown in ...

Oral Care - UK

"Oral care routines rarely change for consumers, creating a challenge for brands that they need to overcome. However, consumer interest in their own health and wellbeing, and their understanding of how oral hygiene impacts on them emotionally means there is an opportunity for brands to insert themselves into regular consumer ...

Bodycare and Deodorant - US

"The bodycare and deodorant market continues to experience slow, yet steady sales growth, reaching \$6.5 billion in total 2019 retail sales, an increase of 3.4% from 2018. Incorporating added benefits or unique formats typically found in facial skincare into bodycare can help brands boost engagement and sales. Deodorant ...

Women's Facial Skincare - UK

"The market's previous trajectory for growth has been short-lived, and the market is expected to decline to an estimated £1.16 billion in 2019. The move away from K-Beauty-inspired routines has been driven by women's evolving interest in radiance and glow. Serums and oils are the formats chosen to create ...
