### Private Healthcare - UK

"The private healthcare market is growing strongly on the back of the continued issues with waiting lists impacting the NHS. Moreover, arrangements with the NHS, a buoyant private medical insurance sector and growth in self-pay procedures are further growing the demand factors despite the cost of living crisis and the ...

### Dentistry - UK

"The dental sector is changing at pace following the pandemic. More patients are seeking affordable dental care, while a growing number of dental technicians are seeking a better balance between NHS and private work. At the same time technology is evolving and changing the way in which dentistry is delivered ...

### B2B Economic Outlook - UK

"While the UK economy is now expected to narrowly avoid falling into recession in 2023, stubbornly high inflation remains of concern. The inflation rate is expected to slow in the second half of 2023, on the back of falling energy prices and the easing of global supply pressures, but it ...

## March 2023

### B2B Economic Outlook - UK

"Although the UK avoided recession at the end of 2022, growth is likely to be constrained by persistently high inflation and the cost of living crisis. The recent fall in wholesale gas prices should start to reduce bills by the end of H1 and this will somewhat improve the financial ...

## B2B: Healthcare - UK

“The UK, along with other Western economies, is grappling with a perfect storm caused by rocketing fuel prices following the conflict in Ukraine and the inflationary consequences of the post-COVID boom in demand. The sharp rise in inflation seen in 2022 has stimulated interest rate rises which in turn contribute ...
