

December 2019

Utility Capital Expenditure - UK

“Network operators are facing tougher price controls and performance targets in the upcoming spending periods. They will also be under increased pressure to deliver innovation, reliability and investment at the lowest cost to consumers. These increased cost and efficiency pressures are passed onto the supply chain. Collaboration, technology and innovation ...

B2B Economic Outlook - UK

“Despite the uncertainties surrounding Brexit, the UK economy has only slowed to equate to the growth of the Euro-area, and the Bank of England still anticipates stronger growth than the Euro-area over the next three years. The Brexit-related uncertainties continue, and are now potentially exacerbated by a General Election. They ...

November 2019

Renewable Energy - UK

“While deployment of onshore wind and solar PV has slowed following the removal of government subsidies, the UK offshore wind sector continues to go through a period of strong expansion. Growth in the sector is driven by rapid cost reductions, technological innovation together with continued government support. Under government plans ...
