Disposable Baby Products - US

"After experiencing plummeting sales in 2017, the disposable baby products market continues to stabilize, reaching \$8 billion in total 2019 retail sales, an increase of 1.7% from 2018-19. However, market sales are expected to slow due to declining birth rates, parents' value-driven approach to the category, as well as ...

Beauty Influencers - US

"Beauty influencers and the power of social media continue to shape the beauty industry. While influencer collaborations with brands continue to resonate with consumers, issues surrounding trust and credibility could signal future challenges. To alleviate these concerns, brands and influencers must adopt a more realistic and relatable approach to the ...

Nail Color and Care - US

"To prevent the nail color and care market from further declines, brands in this space must alleviate concerns over chemicals and nail damage. The growing shift in preferences from nail polish to alternatives demonstrates opportunities for growth. Brands that emphasize nail health and natural formulas can potentially remedy losses and ...

Drug Stores - US

"US drug store revenues will exceed \$300 billion this year. While the channel has consistently posted gains, the pace of growth is projected to slow down in light increased competition from outside the channel and a shifting consumer preference toward generic drugs over name brands. With new partnerships and new ...

Soap, Bath and Shower Products - US

"Due to the functional nature of the category, the soap, bath, and shower products market continues to experience slow, yet steady growth. Growth is being tempered by struggling bar soap sales but gains in liquid and bath products are driving the category forward."

- Olivia Guinaugh, Home & Personal Care Analyst

Consumers and the Economic Outlook - US

"The majority of consumers consider their finances to be healthy, and views of the future seem to be positive as well. Consumers are saving for the future, but are still willing to treat themselves."
